

ACE RECOVERY A 501 (c) (3) CHARITABLE ORGANIZATION.

The Ace Recovery program has been established as an alternative, easy access, and affordable treatment intervention for men who need more stability from unhealthy addictions in their community.

We're a structured program that provides two evidence-based treatment approaches for a healthy transition back into the community. There is the additional comfort of:

- 1. Single bedrooms
- 2. Satellite TV
- 3. Internet
- 4. Washer/Dryer
- 5. Exercise room
- 6. Fishing pond
- 7. Ping Pong table
- 8. Peaceful, quiet retreat environment.

A CLINICALLY MANAGED RETREAT FROM ADDICTION

We provide a 24 hr clinically managed residential setting to help address high relapse potential, readiness to change, and poor recovery environment in the community. Our program provides evidence-based treatment models to help begin a journey out of addiction.

ASSESSMENT (ASI) is the Counselor's evaluation of mental health and social well-being.

COGNITIVE THERAPY (CBT) (DWI)
Computer helps with short movies and examples to teach men how to recognize, avoid, and cope in healthy ways when facing risky situations.

TWELVE STEP FACILITATION (TSF)
A psychotherapy-assisted recovery based on key principles found in the Twelve Step programs like AA and NA.

HELPS WITH POSITIVE THINKING ...

"Came here with a very negative attitude and wanted no parts of it... thank god I was in the country ... great program ... been renewed"

- Frank M.

"I wanted to stop and this place was there when I was ready. The CBT was just what the doctor ordered ... highly recommend Ace Recovery"

- Charles B.
